Cancer Survivor Gives Back to HMH

When Lori Masterson, an avid runner, finished her radiation therapy at HMH last November, department supervisor, Scott Goodman, said she’d be running races again within a year.

That wasn’t good enough for Lori who helped coordinate and then ran in the second annual Backyard Classic at Elizabethtown Nature Park this summer. Lori arranged for a portion of the proceeds from the eight-hour relay to go to HMHF for the Cancer Care Center.

Lori Masterson presents a donation to Dr. Kala Ram, HMHF Board member and to the HMH Cancer Care team and her biggest cheerleader, Scott Goodman.

Grateful for HMH’s Advanced Care

Meet Kelly Emerine

When Kelly’s doctor ordered a breast ultrasound, she began a journey that countless women endure. Thanks to HMH’s new multidisciplinary breast program, she had access to the most advanced care close to home. Kelly made a donation to HMHF to say thank you.

“Thankfully, I didn’t have breast cancer. I’m so grateful for the care I received every step of the way. HMH is wonderful to have in this community.”

Lori Masterson - Grateful Patient

Personal Investment

Dancers Support HMHF
HMHF Receives Grant to Expand Care for Sexual Assault Victims

The state of Kentucky awarded $110,000 to HMHF to strengthen HMH’s Sexual Assault Nurse Examiner (SANE) program, one of only four in the state. The funds allow HMH to train more nurse examiners and purchase specialized forensic equipment.

Why HMH Matters

Message from the Chairman

We have much for which to be thankful:

• HMH’s multidisciplinary breast program for the women we love
• Grateful patients who give back
• New grants to strengthen HMH
• Donors like Bob and Rita Robbins
• 11 new physicians practicing at HMH
• Precious babies cared for in our NICU
• Young dancers who support HMHF
• News that the HMH Board is evaluating different partnership and structure options to secure HMH's future

With gratitude,

Joe Prather

Dancers Raise Money for NICU

Center Stage Dance Studio, owned by Yvonne Groves, presented HMHF Board Members Kevin Addington, Dennis Johnson & Tracee Troutt, with a $5,150 donation to HMHF for the HMH Level II NICU. Center Stage dancers and their families raised the money as part of their annual spring recital.

Meet 11 new reasons to trust your health to us.

Aaron Mulhall, M.D.
Pulmonary & Critical Care

Bethany Haynes, M.D.
Internal Medicine & Pediatrics

New Grants Help Strengthen Therapy & Rehab Care

The WHAS Crusade for Children awarded HMHF with $90,000 in 2016. $23,990 will help purchase new concussion management equipment. The remaining dollars will purchase more equipment for the Level II Neonatal Intensive Care Unit (NICU).

HMHF received a grant from The Honorable Order of Kentucky Colonels to buy the Solo-Step Fall Prevention System to help stroke, amputation and spinal cord injury patients.

You don’t have to live in a big city to have state-of-the-art healthcare. Rochester, Minnesota, is home to a little more than 100,000 residents and the famed Mayo Clinic.

HMH is rising to that level of care and reputation. We see it firsthand with our emergency department expansion, with the addition of another oncologist, in our at-capacity neonatal intensive care unit (NICU), and with the world class physicians we continue to recruit, including the 11 featured below.

That’s why Rita and I chose to invest in HMHF. We want our community to benefit from advanced care close to home.

- Dr. Robert E. Robbins
